## WORK EXPERIENCE

### ANDROID & IOS DEVELOPER

*Previnet SPA – Treviso, Italy*

Nov 2016 to Current (2 years and 8 months)

- ❖ Development of the application **XME Salute** for Intesa Sanpaolo bank on **Android** platform.
- ❖ Design **app architecture**: separating each component with interfaces, following **MVP / MVVM / VIPER** patterns and using **Dagger 2** and **Android Architecture** components.
- ❖ Implementation **Accessibility** on both Android & iOS platforms.

### REACT JS DEVELOPER (freelance)

*Foodracers srl – Treviso, Italy*

Ago 2017 to Sep 2018 (1 year)

- ❖ Development of a **design system** using **Storybook** and following the CSS **BEM** methodology.
- ❖ Usage of the **Redux** pattern to structure the code.
- ❖ Usage of **Turbolinks Android & iOS** to embed the react components into a native application.

### WEB DEVELOPER

*REPLY SPA – Milan, Italy*

Apr 2016 to Oct 2016 (6 months)

- ❖ Development of DirectLine's responsive web portal using **Bootstrap**, **jQuery** and **Liferay**.

### ANDROID DEVELOPER

*BELKA SRL – Trento, Italy*

Sep 2015 to Mar 2016 (6 months)

- ❖ Design and development of Android applications following **Material Design** rules.
- ❖ Implementation of UI tests using **Robolectric**.
- ❖ Usage of **Jira** and **Kanban board** to organize tasks.

### RUBY ON RAILS AND ANDROID DEVELOPER

*FONDAZIONE BRUNO KESSLER – Trento, Italy*

Dec 2011 to Sep 2015 (3 years and 10 months)

- ❖ Design and development of **Android** applications.
- ❖ Implementation of versioned **REST API** on Ruby on Rails.
- ❖ Frontend implementation for BringTheFood using **Bootstrap**.
- ❖ Writing **code documentation** for both API and project structure.
- ❖ Usage of git as version control tool.
